

Your Wellbeing MOT

To keep ourselves running smoothly it is important to do these simple checks regularly.

Items to be tested	Yes	No	Actions to take
Mood Do I manage mood changes well? Do I recover from setbacks easily? Do I deal well with things going wrong?			
Sleep Do I sleep well? Do I regularly get 7 - 9 hours' sleep a night - more if under 18? Do I find it easy to get to sleep? Do I feel refreshed when I wake up in the morning?			
Relaxation Do I unwind easily? Can I switch off after work? Do I enjoy social activities? Do I find it easy to focus on things like sport, films, TV, games, reading etc? Do I keep up with my hobbies?			
Diet Do I have a good appetite? Do I eat a healthy balanced diet? Do I make sure I don't eat too much junk food and takeaways? Do I make sure I eat my meals at regular times through the day?			Balanced diet = protein (meat, beans, fish etc); fresh fruit and veg; carbs (potatoes, rice, bread etc) and fats (milk, cheese, olive oil) + plenty of water.
Five ways to wellbeing Do I connect regularly with other people? Do I enjoy learning new things? Do I make sure I keep active? Do I take time to notice what's going on around me? Do I give to others? Doesn't always have to be time or money, a smile can do!			

Solutions	
Self-care	Make sure you get a good night's sleep, eat well, take regular breaks, exercise and keep up with the five ways to wellbeing.
Self-help	Is this something you can fix yourself? Try checking out some useful self-help guides and websites (see useful links on p.2)
Check it out with someone else	Talking a problem or concern through with someone is helpful. Often it helps you find your own solution.
Get help or support	You might need to get some more help or support. Talking to someone is really important: it could be a friend, family member or someone at work or college.
Phone-lines; chat rooms	If you prefer to talk to someone you don't know try a service like the Mix (for up to 25s) or CALM which offer free anonymous help.
See your GP	It is always worth checking things out with your GP, especially if you are experiencing physical symptoms like chest pains, headaches, needing to go to the toilet a lot etc.

**REMEMBER IT'S OK NOT TO BE OK.
 NOT MANY OF US WILL TICK YES TO EVERYTHING.
 THE MOST IMPORTANT THING IS TO TAKE ACTION TO FIX IT EARLY IN ORDER TO PASS YOUR WELLBEING MOT.**
